

## 'Through Your Lens' Photography Exhibit Submissions

Photographer: Megan Elizabeth

### **M Elizabeth Photography**

**Photographer message:** Nature is a wonder that shows many different angles and aspects of the world throughout a year. The power of nature (from the woods, the beach, the ocean, the sea, the mountains, and from one's own yard) elicits feelings of calm, clarity, peace, hope, and joy. 'Through my lens' I want to showcase the different aspects of nature and I hope that viewers can find a photograph that elicits a feeling of calm, clarity, peace, hope, and/or joy. Capturing the beauty in the natural world allows me to bring the outdoors inside to cherish and view for the long term.
