RESUME

NOT "JUST" AN ARTIST, BUT A BUSINESS PARTNER

Koda is a passionate and thoughtful artist who brings **vision and brand** to life in large-scale murals and art installations. She excels at **project managing** initiatives from concept to installation; from marketing to delivery; from understanding goals, to **creating action plans at scale that meet KPIs.**

When you hire Koda, you're not just hiring a paintbrush. You're hiring a business partner. Together, we'll create projects that help us all rise "a shade above" – **a little brighter, and a lot more united.**
